

St Mark's CE Primary School, Natland

This Addendum must be read in conjunction with the School's own Behaviour Policy, brought to the attention of those currently employed or volunteering in the school and shared with those individuals upon induction to the setting. It must be available to parents and displayed on the school website.

WHOLE SCHOOL BEHAVIOUR POLICY & PROCEDURES *COVID-19 ADDENDUM*

September 2020

1. Introduction

This addendum has been created following DfE guidance and applies to all schools, whether maintained, non-maintained or independent (including academies, academy trusts, free schools and alternative provision), maintained nursery schools and pupil referral units. It is an addendum to the School's Behaviour Policy which in turn meets the requirements of Section 89 of the Education and Inspections Act 2006 (maintained schools)/ and must be read in conjunction with the Whole School Behaviour Policy and (for staff and other adults) the Staff Code of Conduct (and other adults) The school's Behaviour Policy is published in the school website along with this Addendum or on request and must be read and understood by all those individuals who come into contact with children and young people in the school.

All staff have a responsibility to be aware of systems within their school which support safeguarding and any temporary amendment to these will be explained to them by senior managers. This includes the school's Child Protection Policy and procedures, the Code of Conduct, Staff Code of Conduct, the Online Safety Policy and the associated Acceptable Use Agreements.

2. Context

From September 2020 all children are expected to return to school full time following the extended Covid-19 school closure which began in March 2020.

Despite the changes, the school's Behaviour Policy is fundamentally the same with this addendum setting out some of the adjustments we are making in line with the changed arrangements in the school and following advice from government and local agencies.

Unacceptable behaviour by adults in this school will not be tolerated and, where appropriate, legal or disciplinary action is likely to follow such behaviour. Once adopted, this Addendum may be referred to in any disciplinary proceedings following unacceptable actions by staff or other adults.

3. Responsibilities

Staff are accountable for the way in which they exercise authority, manage risk, use resources and safeguard children.

All staff and other adults have a responsibility to keep pupils safe and protect them from abuse (sexual, physical and emotional) and neglect. Pupils have a right to be safe and to be treated with respect and dignity. It follows that trusted adults are expected to take reasonable steps to ensure their safety and wellbeing. Failure to do so may be regarded as professional misconduct.

In light of the need for children to behave differently when they return to school, and any new systems we have put in place to support that, the changes within this Addendum will need to be communicated to pupils, parents and staff. Best practice suggests this includes:

- proactively teaching new rules to staff, pupils and parents;
- regularly and rigorously reinforcing behaviour throughout every day;
- consistently imposing consequences when rules are broken, in line with the Policy, as well as positively reinforcing well-executed rules through encouragement and rewards.

In addition to the responsibilities of individuals in the school outlined in the Whole School Behaviour Policy, the following additional responsibilities apply during the COVID-19 outbreak.

3.1 Governing Body

The Governing Body will:

- promote the use of this Addendum throughout their discussions with staff and parents in order to ensure that it is accurately and consistently enforced throughout the COVID-19 pandemic;
- support the Headteacher and other staff in implementing this Addendum

3.2 Staff and other adults

In addition to the general expectations laid out in the school's current Behaviour Policy, staff and other adults are expected to:

- not to come to work if they have coronavirus symptoms, or go home as soon as these develop (informing their manager), and access a test as soon as possible.
- ensure their classrooms or work areas are de-cluttered so as to allow for better and easier cleaning throughout the day;
- regularly reinforce with parents the arrangements for the start and end of the school day including, staggered start and finishing times and the need for social distancing outside the school;
- supervise any queuing system following a process for staff to greet each child, ensuring they wash / sanitise their hands immediately on arrival, and then go straight to their classroom;
- clean their own hands more often than usual - with running water and liquid soap and dry them thoroughly or use alcohol hand rub or sanitiser ensuring that all parts of the hands are covered;
- use and promote the 'catch it, bin it, kill it' approach;
- avoid touching their mouth, nose and eyes;
- clean frequently touched surfaces often using standard products such as detergents and bleach;
- think about ways to modify their teaching approach to keep a distance from children in their group as much as possible, particularly close face to face support (noting that it is understood that this is not possible at all times, which is why hygiene and hand cleaning is so important);
- consider avoiding calling pupils to the front of the class or going to their desk to check on their work if this is not necessary;
- explicitly teach and supervise health and hygiene arrangements, helping their class to follow the rules on hand cleaning, not touching their faces, 'catch it, bin it, kill it' etc. including by updating their classroom displays with posters
- apply consistently any consequences required to pupils who deliberately or intentionally disobey the new rules, whilst emphasising the importance of them in an age-appropriate manner;
- prevent their group from sharing equipment and resources (like stationery) with other groups;
- keep their classroom door and windows open **if possible** for air flow;
- limit the number of children from their group using the toilet at any one time;
- limit their contact with other staff members, and not congregate in shared spaces, especially if they are small rooms;
- identify any reasonable adjustments that need to be made for pupils with more challenging behaviour and update Behaviour Management Plans / EHCP Plans as necessary;
- ensure they read the Behaviour Policy Addendum and know what role in it they are being asked to take.

3.3 Pupils

In addition to the general expectations laid out in the school's current Behaviour Policy, pupils are expected to:

- Pupils should bike or walk to school wherever possible **and it is safe to do so**
- ensure that they practice social distancing when walking or cycling to school
- follow any altered routines for arrival or departure, including the one-way system now operating at the front of school, arriving at school at the advised allotted time, and entering the school via their designated route. At the end of the day, pupils will leave the building from their designated exit. They will leave one at a time when their parent has come to collect them, again keeping their distance using the markers on the floors as a guide;
- follow school instructions on hygiene such as handwashing and sanitising. Hands must be washed on arrival at school, after using the toilet facilities, before and after eating, before and after break times and before they leave for home;
- socially distance (where they are old enough/able to understand) from their peers and adults in school and on the playground and field at all times. Children will put their hand up if they need an adult's support;
- follow instructions on who they can socialise with at school, but must remain in their group at all times;
- move around the school as per specific instructions (for example, one-way systems, out of bounds areas, queuing);

- follow instructions and expectations in relation to sneezing, coughing, tissues and disposal ('catch it, bin it, kill it', sneeze into the crook of your arm) and avoid touching their mouth, nose and eyes with hands prior to proper hand washing;
- tell a member of staff if they are experiencing symptoms of coronavirus or feeling unwell generally;
- follow rules about sharing any equipment or other items including drinking bottles;
- follow new rules in relation to breaks or play times, including where they may or may not play and socialise;
- follow rules regarding the use of toilet and handwashing facilities;
- follow the clear rules about intentionally coughing or spitting at or towards any other person;
- in the case of any future school closures or periods of self-isolation, follow the clear rules for pupils at home regarding conduct in relation to home learning;
- understand the rewards and consequence system particularly in relation to breaking the amended school rules;
- ensure that they do not socialise out of school with each other in groups unless this is with members of their own household

We understand socially distancing may be more difficult for younger children; they will be encouraged wherever possible to keep a distance from peers and adults, however, we understand this may not always be possible.

3.4 Parents

In addition to the general expectations laid out in the school's current Whole School Behaviour Policy, parents are expected to:

- not to come to school if they or any member of their household have coronavirus symptoms, not to send their child to school if they have symptoms, and access a test as soon as possible.
- send children to school in clean, full uniform daily
- provide the school with at least 2 emergency contact details;
- ensure arrangements for dropping off and collecting their child are communicated to the school particularly if the person who normally drops-off or collects the child has changed;
- follow any altered routines for arrival or departure ensuring **only one adult** accompanies their child and dropping children off at the school
- not to gather at the front of school or to enter the buildings to drop off or collect children and not to gather at the school gates to talk to other parents;
- not to come into school buildings unless strictly necessary, by appointment, and ideally alone, following strict social distancing rules;
- follow school instructions on hygiene such as handwashing and sanitising if they do need to enter the building;
- reinforce good hand and respiratory hygiene with their children at home in relation to sneezing, coughing, tissues and disposal ('catch it, bin it, kill it', sneeze into the crook of your arm) and avoid touching their mouth, nose and eyes with hands;
- follow the clear rules about coughing or spitting at or towards any other person and reinforce this rule to their child;
- discourage their child from gathering in groups outside school unless the group is made up of others who live in the same household;
- understand the rewards and consequence system particularly in relation to breaking the amended school rules;
- in case of any future school closure or period of self-isolation, ensure their child understands the behaviour school expects in relation to home learning;
- ensure they read the school's updated behaviour policy and know what role in it they are being asked to take.

4. Pupils with Special Educational Needs and Disabilities

We acknowledge that children will have had a range of different experiences during the lockdown period which may have an impact on their behaviour presentation upon return to school. Some may

present with frustration as a result of being isolated from friends or having missed a significant event or experience; e.g. end of term treats, school trip, etc.

Some children will return to school having been exposed to a range of adversity including bereavement and long term anxiety. This may lead to an increase in social, emotional and mental health (SEMH) concerns. Additionally, where children have special educational needs and disabilities (SEND), their provision may have been disrupted during partial school closure and there may be an impact on their behaviour. For children and young people with SEND, it will be especially important to teach new norms and routines around protective measures and personal hygiene clearly and accessibly.

As a result of these varied experiences children may present with behaviour that is not usual, this may include:

- anxiety; lack of confidence;
- challenging behaviour; fight or flight response;
- anger; shouting, crying;
- hyperactivity and difficulties maintaining attention.

For some children, including those with attachment concerns or SEND, and especially those with autism, the change in routines and lack of familiarity will require additional adjustment. We recognise that behaviour could be a sign that for some individual children there is an unfulfilled need and that the behaviour is communicating that there is a problem. We will undertake an individual risk assessment for the child and use reasonable endeavours to make the necessary adjustments to reduce the stimulus that may be triggering the challenging response.

Children with SEND are recognised as being particularly vulnerable and therefore have an urgent need to be re-integrated back into school as soon as reasonably possible. We will work closely with parents to implement supportive strategies that will inform an appropriate response. Some children will need additional support and access to external services such as Educational Psychologists, Social Workers, Counsellors and Early Help.

5. Behaviour when learning at home (in case of any future school closure or period of self-isolation)

If interacting with other pupils or staff online on Padlet or Tapestry, pupils must always be kind and respectful to each other and respectful and obedient to staff, remembering at all times that that staff are not 'friends' with, or peers to, pupils. Language used in messaging must be formal and appropriate to this relationship.

Pupils must never attempt to contact staff via social media or make comments about staff on social media platforms. Any inappropriate comments to staff online, via year group Padlet pages, or any other platform will be taken very seriously. This is also the case of for any online bullying towards other pupils or peer-on-peer abuse that is disclosed to the school during this time.

6. Rewards

Each teacher and staff team may develop a system of rewards as appropriate with their group of children. The whole school House Point system will operate once again from September 2020 with points being collected in classes and then counted weekly across the school. The weekly House Point cup will be awarded in a Zoom assembly once a week.

7. Consequences and Disciplinary Action

If a child's behaviour is deemed high risk, for example, refusing to adhere to safety measures, such as, hand washing, social distancing, remaining in their group or deliberate behaviours that put themselves or others at risk, such as spitting or deliberately coughing at people, the following sanctions and disciplinary procedures could be used:

- Conversation(s) with pupil(s) which could include a verbal warning, moving seats if logistically possible and other behaviour management strategies in line with our current behaviour policy.

- Once all appropriate behaviour management strategies have been exhausted, contact will be made with pupil's parent/s.
- If the health and safety of other pupils and staff members are put at risk by the pupils not adhering to social distancing measures, then the parent/carer will be expected to collect the pupil and a fixed term exclusion will be applied in line with exclusion guidance.

8. Exclusions

The disciplinary powers that schools currently have, including exclusion, remain in place. We are aware that the current circumstances can affect the mental health of pupils and their parents in a way that affects behaviour.

Headteachers retain the power to exclude pupils on disciplinary grounds. Any decision to exclude will be lawful (with respect to the legislation relating directly to exclusions and a school's wider legal duties, including the European Convention on Human Rights and the Equality Act 2010); rational; reasonable; fair; and proportionate. Permanent exclusion will only ever be used as a last resort, in response to a serious breach, or persistent breaches of the school's Behaviour Policy, and where allowing the pupil to remain in school would seriously harm the education or welfare of the pupil or others in the school.

Schools who have permanently excluded a pupil are expected to work with parents or carers and the local authority to arrange a place at an alternative educational setting as soon as possible so as to minimise any further breaks in education provision. Where the child in question is 'vulnerable', we will notify the local authority and / or social worker immediately and work with the Local Authority to ensure that the child is found a place in another educational setting quickly.

During any gap in provision, education providers, social workers, local authorities and other professionals will need to work together to ensure adequate and appropriate arrangements are in place to keep in touch with vulnerable children and young people.

The coronavirus is affecting governing bodies' duties to consider reinstatement of excluded pupils, and the process for independent review panels (IRPs). The timeframes set out in the School Discipline (Pupil Exclusions and Reviews) (England) Regulations 2012 remain in force. This applies to all exclusions, including those that were issued before 23 March.

The Government appreciates that it may not be possible to meet the timeframes set out in regulations for review meetings and IRPs, due to the disruption caused by the coronavirus outbreak and the health risks of holding meetings. The Regulations themselves envisage that the timeframes may not always be met, which is why they specify that meetings and panel hearings must still go ahead even if the relevant deadline has been missed. It is for the governing body or arranging authority to assess the facts of the case and decide whether the statutory deadlines are achievable or whether, in the circumstances, the meeting has to be delayed. Governing boards and arranging authorities should continue to take reasonable steps to ensure meetings are arranged for a time when all parties are able to attend.

8.1 External support for SEND and behaviour

Schools may normally work with external agencies to support pupils with special educational needs and disability (SEND) or with behaviour or other issues. The Headteacher will check with the LA or other providers of such support services to ascertain whether or when such services will be available. For pupils with education health and care (EHC) plans, it may not be possible to provide the full range of provision set out in the plan, and it may be necessary to make different arrangements if some of the support services are not available in their usual form. If this is the case we will work with the LA and parents, and confirm what special provision can reasonably be provided (refer to [Conducting a SEND risk assessment during the coronavirus outbreak](#)).

The Headteacher will also be aware that there may be additional pupils, including those with SEND, who display symptoms of stress or anxiety and additional support may be needed for them. The school will check with the LA on their capacity to support with this.
